How to make the payment

Step 1.

Press the corresponding button (regular invitation or special invitation) and you will be taken to the main page of our payment system supported by the major bank of Ukraine - Privat Bank.

Step 2.

To switch the language you want, please go to the bottom of the page and in the right corner

you will see three buttons. The abbreviations (Ru) stand for Russian, (En) for English, and (Ua) for Ukrainian. Please select the preferable language by clicking on the corresponding button.

Step 3.

Press the green button (buy) and indicate your Mobile phone number with international codes (for example for UK 44xxxxxxxxxxx). You will receive a text message with password. To make the payment you have to indicate this password in the corresponding field initially. As soon as you enter the password you will be registered in the system and able to make the payment.

(For your kind notice we would like to inform you that you always have to register your mobile number (along with international dialing codes) to bank system for a new password for each payment).

Step 4.

Enter your ATM card details and confirm the payment.

If some technical issues occur, or you do not get the SMS with password, please contact:

- **Directly with the Bank on the payment site (Liqpay - online chat).**
